

# XX TRANSFRONTIER MEETING - SENSORS AND BIOSENSORS TMSB-2015

---

PERPIGNAN, 1ST AND 2ND OF OCTOBER 2015

On the occasion of the 20th edition of our annual Transfrontier Meeting on Sensors and Biosensors, the organizing committee has the great pleasure to welcome you in the old historic site of the Ancient University of Perpignan Via Domitia.

This meeting has for objective the gathering of researchers, teachers and students working in R&D in domains of sensors and biosensors, from the Euroregion between France and Spain (Catalonia, Languedoc-Roussillon, Midi-Pyrénées) and surrounding areas. It will offer to the participants the opportunity to establish collaborations and to discuss potential industrial applications of their works. As tradition requires, priority is given to the young researchers who will have the opportunity to present their work in a friendly atmosphere.

This 20th anniversary will be also be the unique occasion to attend keynote lectures from the following guest professors:

- Prof. Jean-Michel Kauffmann, Université Libre de Bruxelles
- Prof. José-Manuel Pingarron, Universidad Complutense, Madrid
- Prof. Loïc Blum, Université Claude Bernard Lyon 1

Mise à jour le 25 février 2016

## TMSB HISTORY

- 1996, Bellaterra (U. Autònoma Barcelona)
- 1997, Céret (U. Perpignan)
- 1998, Peñíscola (Biosensores S.L.)
- 1999, Montpellier (U. Montpellier II)
- 2000, Vic (U. Vic)

2001, Toulouse (U. Paul Sabatier)  
2002, Barcelona (U. Autònoma Barcelona)  
2003, Céret (U. Perpignan)  
2004, Tarragona (U. Rovira i Virgili)  
2005, Albi (U. Paul Sabatier)  
2006, Girona (U. de Girona)  
2007, Céret (U. de Perpignan)  
2008, Andorra la Vella (Institut Català de Nanotecnologia)  
2009, Banyuls sur Mer (L'Observatoire Océanologique de Banyuls/Mer)  
2010, Sant Carles de la Ràpita (IRTA)  
2011, Toulouse (U. Paul Sabatier)  
2012, Tarragona (U. Rovira i Virgili)  
2013, Alès (Ecole des Mines d'Alès)  
2014, Bellaterra (Universitat Autònoma de Barcelona)
